

## No Smoking NMS 10.17

We are committed to promoting the health and wellbeing of children and young people. This is of the upmost importance for the setting. Smoking has proved to be a health risk and therefore in accordance with legislation, the organisation operates a strict no smoking policy within its buildings. It is illegal to smoke in enclosed places.

### Legislation

Public Health Wales Act (2017)

Smoke-free Premises and Vehicles (Wales) Regulations 2020

All persons must abstain from smoking while on the premises. This applies to staff, sessional workers, students, volunteers, parents, carers, contractors and any other visitors to the premises.

Staff accompanying children and young people outside the setting are not permitted to smoke. We also request that parents accompanying children and young people on outings refrain from smoking while caring for the children and young people.

Staff must not smoke while wearing any uniform as it is essential that staff are positive role models to children and young people and promote a healthy lifestyle. If staff choose to smoke during breaks they are asked to change into their own clothing and smoke away from the main entrance.

We respect that smoking is a personal choice, although as an organisation we support healthy lifestyles. We aim to help staff and parents to stop smoking by providing them with information that may include:  factsheets and leaflets

- information of local help groups
- details of the NHS quit smoking helpline - [www.smokefree.nhs.uk](http://www.smokefree.nhs.uk)
